

CPY Receives 2nd Drug Free Communities Grant

Since 2007, concerned Placer community members have come together working to build a drug free future. In 2009 CPY received a five year Drug Free Communities (DFC) Grant from the Office of National Drug Control Policy (ONDCP). CPY was again awarded a five year Drug Free Communities grant beginning October 2014.

As we look forward to continuing the Coalition's work we remain firmly committed to the notion that change only happens when all sectors of the community come together to find solutions. We celebrate our youth and adult partners as we embark on another five years investing in our future through community-level change.
