Protect

... **our teens** from an epidemic of Rx abuse. Prescriptions and over-the-counter medications are among the most commonly misused drugs by teens.

... **our young children** from a leading cause of accidental poisoning.

... **our seniors** from misuse and mistakes.

... **your home.** People may be looking for drugs in medicine cabinets.

... **our environment.** Medications disposed of down the toilet or in the trash end up in our water supplies and damage our environment.
